Dear H. Palmer,

There are copies of some important letters which I have had printed to show that the best sentiment of the U.S. was all with Canada in her great struggle. I have bought the originals at a large price and thought to offer them to the Univ. of Toronto for permanent preservation. But Professor Young advises me that they would be more easily exhibited & more likely to exert influence in the Library of the City. What do you think?

Yours very sincerely

W. T. Schofield

Long may you live
Happy may you be
Blest with Content
And from misfortune free

January 3rd, 1917

Professor W. H. Schofield,

Harvard University, Cambridge, Mass.

Dear Professor Schofield:

I have delayed answering your letter in order to consider more carefully what reply I should give to your generous proposal with regard to autographs of the four interesting letters. After consulting with Sir Edmund Walker I think that in view of the value of these letters in the future it would be well to have the originals deposited with our Librarian, as you, yourself, have proposed. I would suggest that you might also send copies of them similar to those which you gave me to the Librarian of the Public Library in Toronto and probably to other Librarians through the Dominion.

If you have any copies to spare I should be glad if you would let me have some more for distribution.

It is very good of you to think of us in this way. The hearts of our Canadians I believe turn home at this time with a great deal of satisfaction and pride.

Wishing you a happy New Year, I am,

Yours sincerely,

President.

January 25th, 1917

Professor W. F. Schofield,

Hotel Somerset,

Commonwealth Avenue, Boston.

Dear Professor Schofield:

I am glad to know that you have decided to give the originals of the tributes to Canada to the University, and also to learn that you will be here on Tuesday or Wednesday of next week. If it is possible for you to be here on Tuesday we should be very glad, as on that evening Professor Gustave Lanson of Paris is to be giving a lecture and we shall in all probability have a number of people to meet him. It would add to our pleasure if you could be with us also.

Yours sincerely,

President.

February 9th, 1917

Professor Schofield,

Harvard University,

Cantridge, Mass.

Dear Professor Schofield:

At a meeting of the Board of Governors held yesterday I was asked to thank you cordially for the gift of the four autograph letters which you recently made to the Library of the University. The Governors appreciate your gift and the Librarian will see that they are mounted and exposed to view publicly in the Library.

With kind regards, I am,

Yours sincerely,

President.
